

# ASSET INDUSTRIAL PANBRAKE MANUAL FOLDER

Heavy Duty Panbrake With Extra Large Opening Height

## FEATURES

- huge box folding height and finger stem length
- digital bending read out
- back gauge included
- heavy duty full steel welded body.
- hardened and ground fingers
- manually operated clamping and bending operation for efficient folding applications
- high structural rigidity from heavy plate box steel construction with continuous welding seams
- quick action adjustment of beam for varying material thickness and settings
- spherical bearings for smooth ease of operation on the clamping mechanism
- replaceable bronze bushes at all points of wear with easy access
- grease nipples located at all points of wear
- offered in both 1250mm & 2450mm sizes
- variety of finger widths suitable for all box bending combinations
- CE Compliant
