

SM-HBS620HA FULLY AUTOMATIC MITRE BANDSAW

Offering The Flexibility Of A Double Mitre Bandsaw With Auto Feed Operation.

FEATURES

- NC programmable auto feed feature
- our mitre cutting auto series is a heavy duty automatic bandsaw suitable for cutting pipe, solid steel or structural in single or pack forms to full capacity to suit all your applications
- vice made from spheroidal cast-iron
- automatic fast up / down bow movement controlled by feeler pin
- the machine is capable of process all types of material including packs at full automatic speed
- mitre cutting from 0~60° provides the operator with total flexibility
- fitted with an extra heavy duty saw frame to allow high speed tension. this eliminates deflection and vibration throughout the cutting
- the 620HA offers the extra feature of automatic feed along side with 'mitre cutting'
- CE compliant
